---

**SALARY REQUIREMENTS:** \$25,000 per year.

### EDUCATION

**Bachelor of Science**, Music Technology  
University of North Carolina at Asheville  
<http://www.unca.edu/>  
2003-2007

**Related Course Work:** recording studio practicum, audio engineering, computer programming, business management, human resource management, music business, accounting, macroeconomics, mass communications, music theory, and aural skills.

**Honors:** Distinction with University Honors, Phi Eta Sigma honors society, distinction in music technology, magna cum laude, 3.87 GPA.

**Williams and Associates Sales Training**, completed at Asheville Dodge in Asheville, NC, June 2007. Intensive sales training with an emphasis on car salesmanship, including greeting techniques, presentation and demonstration techniques, and techniques on overcoming customer objections.

### QUALIFICATIONS

The liberal arts education has prepared me for a variety of situations in the workplace. In addition to the comprehensive Music Technology program, which includes a strong emphasis on musicianship in general, my scholastic experience included many business oriented courses and humanities courses. My background in music gives me an artistic and creative mind that I use to find creative solutions. Dedicated and detail oriented, I can add fresh perspectives to your operations. I can understand problems and expediently find quality solutions to these problems. My experiences in the workforce have taught me how to relate with people in general and how to communicate effectively, and my experience on the internet have taught me skills for design and implementation. I am willing to learn what I do not currently know, and I will commit to improving the group as a whole through hard work.

## EXPERIENCE

### **July 2007 – September 2009 Receiver, David's Bridal Store 221**

Working as receiver at the local branch of David's Bridal. Tasks include logging incoming shipments, organizing customer special orders, contacting customers upon completion of their order, preparing merchandise for sales floor, stocking the sales floor, and various other tasks to help the rest of the team such as customer service. Self-motivation and organization are extremely important. Working closely with supervisors to ensure customer satisfaction and smooth operations.

### **March 2009 – Present Freelance Web Design**

Designing on the WordPress.org platform for various websites. Using php, css, and html regularly. Also working on the upkeep and enhancements for the sites as well. Sites include r8mg.com, dustywagner.com, and joshuawagneronline.com (my personal blog).

### **July 2008 Producer, Engineer, Biltmore Baptist Church**

Employed as a freelance producer and audio engineer. Recorded and mixed multiple music tracks for a choral performance track. Used engineering knowledge to mix down songs for use in a live environment. During recording session, used knowledge of both engineering and performance to help communication between all parties.

### **May 2006 – August 2006 Housing Assistant, UNCA Housing Department**

Tasked daily to move dorm furniture, store furniture, assist with renovations, clean dorm rooms and furniture, and refinishing floors. Work was unsupervised and required individual motivation. Problem solving skills involved, as quick decisions were to be made in order to prioritize and complete tasks on time.

### **May 2005 – August 2005 Deli Clerk, Ingle's Grocery Stores**

Worked at in-store deli counter at local store. Tasked with preparing deli foods daily, fulfilling customer orders on request, and daily cleaning and maintenance of deli area. Dealt with customers daily and used time management skills to complete tasks while serving customers.

**May 2004 – August 2004 Team Member, Arby's Restaurant**

Tasked with helping in daily operations in a local Arby's fast food restaurant. Responsibilities included taking orders from both front counter and drive through, fulfilling customer orders, preparation of food, and daily maintenance of both dining area and counter area.
